

PERFECTLY NATURAL

All of our products are sustainably sourced directly from Thailand, certified organic, and free of additives and preservatives. We take great care to preserve the unique flavor and nutritional value of the fruit as well as the heritage of the people who have grown it for generations. From the tree to you, everything is kept exactly as it was intended it to be. Perfectly Natural.

FROZEN ORGANIC COCONUT WATER

100% PURE | NEVER HEATED | NO ADDITIVES

Coconut water is the liquid found inside young coconuts. Ours is sourced exclusively from “Nam Hom” coconuts, a unique variety of young green coconut that can only be found in the Western part of Thailand. They have a very distinctive, sweet and nutty taste and unparalleled aroma.

Packed with naturally occurring electrolytes, potassium, and other minerals, coconut water will nourish and hydrate you. There is also evidence that it balances blood pressure, aids in digestion, and boosts the immune system with its antiviral and antibacterial properties.

- Available in 5L BPA-free plastic bags, 55 gal drum, 1 liter bottle, or custom
- Shelf life (4c): 7 days
- USDA Certified Organic
- Raw, Gluten Free, Vegan

FROZEN ORGANIC RAW COCONUT MEAT

100% PURE | NO PRESERVATIVES | NO ADDITIVES

Coconut meat is the thick white layer of meat found inside the coconut shell. It is low in fructose and packed with fiber, potassium, naturally occurring electrolytes and healthy fats. Lauric acid in coconut meat has even been found to stimulate your metabolism and help your body burn fat.

- Available in 11 LB, 1 LB BPA-free plastic bags or custom
- Shelf life (4c): 10 days
- USDA Certified Organic
- Raw, Gluten Free, Vegan

WHOLE ORGANIC COCONUT

100% PURE

These pre-cut diamond shaped young coconuts are ready to be sold, cracked open, and enjoyed fresh like they are in Thailand! Hydrate with the refreshing coconut water and scoop out the perfectly satisfying meat.

- Available in Diamond Cut / Polished (de-husked)
- 9 whole coconuts per carton
- Shelf life from manufacture (4c): 2 months

ORGANIC COCONUT NECTAR

100% PURE | NO PRESERVATIVES | NO ADDITIVES | NO ANTI-FERMENTATION AGENT

Coconut nectar is made from collecting droplets of the coconut nectar bled from the coconut flower. It has a rich, unique and pleasant honey-like taste and texture. Coconut nectar contains an incredible 65 minerals and 17 amino acids. It is the healthiest sweetener out there, with a low score of 35 on the Glycemic Index.

- Available in 10 or 12 kg BPA-free plastic bags, or custom packaging
- Shelf life (ambient): 6 months
- USDA Certified Organic
- No additives or artificial anti-fermentation agents

FROZEN COCONUT MILK

100% PURE | NO PRESERVATIVES | NO SUGAR ADDED | NOT FROM CONCENTRATE

This pure and delicious dairy alternative is made by pressing a combination of young and mature coconut meat. It is low in fructose and packed with healthy, cholesterol-free fats. Lauric acid in coconut meat also has antiviral and anti fungal properties to boost your immune system. This creamy, delicious milk is a satisfying, nutritious alternative to dairy.

- Available in 5L BPA-free plastic bags or custom packaging
- Shelf life (4c): 14 days
- 18% fat content
- No preservatives, emulsifiers or thickening agents

ORGANIC COCONUT SMOOTHIE

100% PURE | NO PRESERVATIVES | NO ADDITIVES

This smoothie is a delectable blend of young Thai coconut water and coconut meat. The best of both worlds, this irresistible product has both the freshness and hydrating benefits of coconut water as well as the filling creaminess of coconut meat. The blend can be customized to create a grab and go beverage or as an ingredient in smoothies, acai bowls, and other recipes.

- Available in 5L BPA-free plastic bags or custom packaging
- Shelf life: 18 months frozen, up to 60 days refrigerated
- USDA Certified Organic
- No preservatives or sugars added
